AND

Truckee Republican

86th Year No. 22 Truckee, Nevada County, California Thursday, May 5, 1955 10c Copy—$3 a Year Since 1869

Jack Neugebauer, Hal Welch, New District Directors

Light Vote Is Recorded In Tuesday's Election For Officials

In an election marked by a lack of interest and in which only 16 per cent of the registered voters participated, Jack Neugebauer, Donner Theater owner, and Harold Welch, Chamber of Commerce president and manager of the St. Louis Cafe, were named the two new directors of the Truckee Public Utility District Tuesday afternoon.

Neugebauer received 66 of the 84 votes cast and Welch polled 52. The third candidate, Rex Reid, local building contractor and active community leader, received 39 votes.

E. L. Loynd, president of the board who was not a candidate for reelection was given five complimentary votes and James McIver received three votes. H. T. Langille, the second incumbent, also declined to be a candidate at Tuesday's election.

The new officers immediately took office and will assume their official positions on the board at a special meeting next Tuesday afternoon.

Edmunds Discusses Building With Board

Cecil Edmunds of Truckee Utility District appeared before the board of Supervisors Monday to suggest possible construction of a county-district building as a joint venture of the county and utilities district to consolidate housing of district and county officers in Truckee.

Supervisor Henry Loehr of Truckee noted that at present many officials in that community have no office and must store records and ther work in their homes. Such a building, he said, would bring all offices together as they are now scattered throughout the community.

The board agreed to have Edmunds investigate the matter further and they would give it consideration. Loehr pointed out that from a legal standpoint the building would probably have to be owned outright by either the county or the utilities district with the possibility of the other renting space.

Edmunds said he would investigate prices and locations further with an eye to the building housing a courtroom and jail, as both of these facilities are inadequate in Truckee.

District Attorney Vernon Stoll was asked to study the legal aspects of the proposed project and report back to the board at a later date.

Club Officials Attend Nevada City Conclave

Mrs. Fred Pedley as president of the Tri-County Federation attended a luncheon meeting in Nevada City on April 29 as a guest of the Nevada City's Women's Civic Club. Other officers visiting included Mrs. P. G. Friday, Woodland, president of Northern District; Mrs. J. Paul Webb, Loomis, state Bible chairman and chairman of conservation; Mrs. Delbert Niegle, Cool, Tri-County parliamentarian; Mrs. Charles H. Shoemaker, Davis, second vice president of Northern District and state institutions chairman; Mrs. Neva Romelsbacker, Meridian, Northern District garden chairman; Mrs. Harold Sternberg, Newcastle, District chairman of amenities.

Three Injured In Late Ski Mishaps In Area

Late spring skiing proved disastrous for several people in the area who became patients in the Tahoe Forest Hospital after breaking limbs while skiing.

Miss Jane Vinson whose address was given as Soda Springs was seriously injured on April 30 when she received spiral fractures of both legs.

Douglas Preiffer, a ski instructor from Los Angeles had the misfortune, on April 28 to break his arm and Miss Patricia Simms of Sacramento broke her leg on May 1, leaving the hospital for home this week.

O'Rourke To Address Wyethia Club Session

Everett O'Rourke, superintendent of the Tahoe Truckee Unified School District will be the guest speaker at the meeting of the Wyethia Club to be held May 6 at 8 p.m.

Mrs. Charles Heller will preside at the business meeting and hostesses for the evening are Mesdames L. Miiller, E. L. Loynd, and G. Kamp.

Open House At Hospital Thursday

John J. McGlade, administrator at the Tahoe Forest Hospital this week extended an invitation to the public to attend open house at the institution next Thursday afternoon between 1 and 6 o'clock when they will be given an opportunity to completely inspect the hospital in observance of National Hospital Day.

"While the public is always welcome to visit, we are extending this special invitation to give everyone an opportunity to see how their hospital operates," McGlade said.

LAST RITES HELD FOR M. GOICOA, VET ON RAILROAD

Mass for Maximo Goicoa, 54, well known Truckee and Boca resident, who died at the Southern Pacific Hospital in San Francisco Saturday, was recited by Father P. J. O'Neill yesterday morning at the Truckee Catholic Church. Rosary, conducted by Father Ronan Brennan was held Tuesday night at the Truckee Colonial Mortuary. Burial was in the Truckee cemetery.

Goicoa, foreman for the section crew at Boca for many years, had been in ill health for the past several months and last December underwent an operation.

On April 17 he was removed to the hospital but was beyond medical help and expired shortly after 8 a.m. Saturday.

Surviving are his wife, Tomasa and two sons, Michael and Louie and a daughter, Irene, all of Truckee. There are two grandchildren.

Goicoa was born in Spain on April 13, 1901 and came to this country when a young man.

Sympathy of the community is extended to the family.

SCORES GATHER AT SCHOOL PROGRAM

Scores of parents and patrons of the Tahoe-Truckee Unified School District gathered at the high school here Thursday evening to view the various displays demonstrating the most modern methods of instruction and latest faciilties available to the children of this community.

Similar programs were held last week in the schools of the district in observance of Public Schools Week, sponsored in California by the Masonic Lodges.

The displays at the local school showed the work from the kindergarten through the high school in an attractive way. Teachers, students and school officials were on hand to explain and demonstrate the procedure employed and all the rooms were open for inspection. Following a survey of the work and facilities, refreshments were served in the cafeteria.

Five New Members Join Rebekah Lodge

Noble Grand Leonore Vind presided at the meeting of Naomi Rebekah Lodge last Wednesday, at which time five candidates were initiated. They were Anita Allison, Ruth Jones, Georgeanne King, Dorothy Slack and Edith Welch.

Hannah Stewart was presented with a friendship gift from Pearl Heller and Beverly Wilson sang a solo. The members enjoyed refreshments served by Sylvia Beck and Pearl Landry.

Sportsmen Meet

Attention is again called to the meeting of the Truckee Outdoor Sportsmen to be held tonight at 7:30 at Capitol Hall when officers will be nominated and films of interest to all sportsmen shown. A large turnout is urged by President Charles Osburn.

Farewell for Couple—

Mr. and Mrs. Omar Alexander were honored at a farewell party Saturday evening given by members of the C.S.E.A. in Cozzi's restaurant.

Vacation in South—

Mr. and Mrs. James Thomas have come home from a vacation spent in Sacramento where they saw the Solons play, then to San Franciscco and south to San Diego.

Prospects Good For Opening Of Fishing Season

Opinions Differ; Weather To Be Factor For Opening

Opinions differ considerably on the prospects for the opening of the trout fishing season in this district May 14, with everyone conceding that the weather will have a great bearing on the early-day results.

The department of fish and game had announced that the first of a series of plants of catchable sized rainbow would take place on the Truckee River and nearby streams prior to the opening, but it is believed that the inclement weather may delay that program.

For the most part, streams in the area are rather high and muddy as a result of the run-off from recent storms, but conditions may be much better by the opening date.

The weather is not expected to cause any trouble at Donner Lake where hundreds of nimrods are expected to launch their boats to try their luck with the kokanee and rainbow. The state planted 25,000 catchable rainbows in Donner last year and more are scheduled for this year. The lake is still low and with the current cold weather, is not filling fast so it is likely that piers may not be used for boat launching unless the weather moderates considerably.

Charles Osburn, Truckee Outdoor Sportsmen president, said the Truckee River is low as a result of the gates at Tahoe being closed, but that fishing in that stream should be excellent by the opening date a week from Saturday.

Other streams throughout the region are expected to raise within next week or ten days as the weather moderates and the run-off increases.

Comparative Records Of Snow Fall Given

A comparison of snow fall figures recorded 75 years ago in the Truckee Republican and last winter were made by Henry Toccalini of the U. S. Forest Service from available records this week.

In 1880 on April 27 the Truckee Republican noted that "actual measurements show that during the whole winter 441 inches had fallen at Emigrant Gap, 522 inches at Donner Summit and at Truckee there were about 300 inches.

"In 1954-55, 161 inches of snow were recorded," Toccalini said, looking back to the "Big Snow" of 1951-1952 when 444 inches fell.

SPEEDING BOYS ARE NABBED BY PATROL

Five Reno juveniles, 15 and 16 years of age, occupying two cars, were apprehended at the quarantine station here shortly after noon Monday following a wild chase which fortunately did not result in disaster.

The cars sped through Truckee at a speed estimated at more than 60 miles an hour.

When the cars were stopped at the quarantine station, Patrolman Martin Sturcke took the five boys, three of them in one car and two in the second, to Judge F. W. Wiilson. Wilson notified Reno juvenile authorities and learned that two of the youth were wards of the court there.

Ownership of the cars was clarified without trouble and it was found both drivers had permission to use them.

Sturcke said he learned that the two boys in the pursuing machine planned punishment for the three in front but were unable to catch them before they were stopped here.

In Sacramento—

Mr. and Mrs. Charles Berlenbach are spending this week at Sacramento. The local telephone manager has nearly recovered from a recent automobile accident.

Meets Former Truckeeite—

Mrs. William Gautche was a recent Sacramento visitor where she met by chance Mrs. Barney Phipps, a former resident.

SUNBEAMS

By WALTER M. BARRETT

If anyone ever held doubts that the children of this district are not in a position to receive the best secondary education it is possible to provide, from a standpoint of facilities and number of teachers, a visit to the open house ceremonies marking Public Schools Week here last week should have convinced them. The entire district should take pride in the schools and facilities offered. Broad planning has given the district one of the best schools in the state and facilities equal to those anywhere are available. The high school plant is adequate for a much larger enrollment and was built and equipped with the future in mind. Equipment, too, may be in excess of current needs, but there again the planners were thinking of future years. In the meantime the students of this area can take advantage of the things provided and parents may be assured that their children are being offered the best in the latest for their education.

——*

It was unfortunate that such a small number of voters turned out to select two new directors for their ublic utility district. Only 16 per cent of those qualified cast their ballots Tuesday. It would have been far more inspiring for the two new officers to know that everyone qualified backed them, but we feel certain that regardless of this apparent last of interest, the new directors, Jack Neugebauer and Hal Welch will do a good job

Students Participate In Panel Discussion At Rotary Meeting

A panel discussion by visiting students from the Tahoe-Truckee High School, in which the participants answered questions relative to current events, featured the meeting of the Truckee Rotary Club Monday night. Reports were also heard on the recent conference held at Reno.

On May 9, the club will meet with other service clubs of the area for a general discussion on the proposed winter Olympic games at Squaw Valley in 1960. Alex Cushing is scheduled to be the main speaker.

The local club will journey to Nevada City May 16 for a joint meeting and on May 23, the club will honor the senior class of the high school at Donner Lake Lodge.

Dr. Thomas D. Wyatt was inducted as a new member. Guests included Everett Campbell, a visiting Rotarian;; Conrad Briner, Carol Levy, Loma Sorsensen, Barney Gilmore and Gary Anderson of the high school. Alvah Hooper presided and Ed Grant was program chairman.

The bronze plaque to be placed on the medical refrigerator at the Tahoe Forest Hospital, donated by the club, was displayed.

Local Business Man Has Impressive Record

Theodore Hawkins continues to receive newspaper clippings from distant points of the fact that he retired from the U. S. Air Force last June at the age of 38 years.

Hawkins enlisted when 18 years old and rose to rank of master sergeant ,receiving his discharge from the service at the Fairfield-Suisun Air Base.

In World War II he was a member of the 99th Infantry, taking part in the Battle of the Bulge, later transferring from that branch of service.

Hawkins with his wife and two children recently came to Truckee where he is a partner in the Tourist Liquor Store and is an agent of Occident Life Insurance in this area.

At Markleeville—

Mr. and Mrs. James Leamon of Grass Valley spent several days here this week while he worked in the Markleeville district for the department of fish and game.

School Baseball Team Will Play Here On Friday

Lose Third Game Of Year To Fallon; Lovelock Will Visit

The Wolverines lost their third conference baseball game of the year to the Fallon High School Green Wave last Friday. The Green Wave made their fourth straight conference game win with a 7-3 decision over TnT.

Phil Bailey was the winning pitcher for Fallon, with Larry Williams picking up the loss after going the full distance. In the first inning TnT tallied two runs on two hits and Fallon followed with three runs on four hits, and took the lead until the fifth when Mickey Williams came in for the tying run. Fallon took advantage of the errors made in the sixth to take a four-run lead over the locals.

The game ended when Gorden Stewart was picked off at first base in the seventh. The boys showed improved batting with the big hits by Mike Vieu, who collected a triple and single. Mickey Williams, two singles; Larry Williams, a double and a single; Thomas and Stewart, each with a single.

This Friday the boys will meet the Lovelock nine for our first home game on the local ball diamond. Starting time is set for 2:30 p.m.

Western Nevada Conference standings:

Club—	W.	L.
Fallon	5	0
Reno	5	1
Hawthorne	5	2
Manogue	3	3
Tahoe-Truckee	2	3
Yerington	2	3
Lovelock	1	5
Coleville	0	5

LOCAL STUDENTS AT CONFERENCE

Thursday and Friday of last week, Carol Street and Linda Loynd, two Tahoe-Truckee High School students, under the guidance of Doug Stewart, Core 10 instructor, attended and participated in the annual Little United Nations conference at Stanford University.

Stewart and the students stated that the experience was well worth while as they gained many insights int foreign attitudes and specifically attitudes toward the United States. They reported to their classes and the student body, so that the experiences in part could be shared by the students of the TahoeTruckee High School

Saturday, May 7, the high school band, under the direction of Jim Pringle, will perform in the Western Nevada Spring Music Festival in Carson City. The band members will participate throughout the day, and will be feted at a dinner that evening.

Inoculations Halted In Schools Temporarily

In view of the confusion that has arisen in connection with the polio vaccine program, it would seem advisable to postpone any definite plans on further use of the vaccine until such time as health officers can know for sure that the confusion has finally ended, Dr. Ruth M. Moldenhauer, Placer County director of public health, announced.

In discussing this question with other physicians, including other health officers, there has been general agreement that a waiting period for clarification of the issues is definitely indicated, she said.

At Santa Rosa—

Mr. and Mrs. Arthur Lindauer who have a home at Donner Lake have recently moved from San Francisco to Santa Rosa.

PURCHASE HOME

Mr. and Mrs. James Cooper have purchased the home of Mrs. Henry Beck in Meadow Park and the latter is leaving for a visit with her sister in Seattle before returning to Nevada County to reside next month. Cooper operates his own barber shop here.

Buick Salesman—

Terry Tollefson is employed as salesman for Osburn's Buick Garage, specializing in Buicks and GMC trucks as well as used cars.

DeMolay Chapter Being Formed Here

The Masonic Low 12 Club of Lake Tahoe has received official confirmation that the institution of the De Molay Chapter in the Tahoe, Truckee area will be held May 21, further details will be announced later in the Sierra Sun.

Boys and young men between the ages of 14-21 who have not been contacted but who wish to become charter members may see Wayne Phillippi in Truckee, C. E. Mandeville at Kings Beach and Don Webber at Sierraville.

BOB SIRI RITES TO BE CONDUCTED AT CHURCH SATURDAY

One of Truckee's most widely known residents, Gio (Bob) Siri, 66, died suddenly at his home here Tuesday afternoon following a heart attack.

Rosary will be held Friday at 8 p.m. at the Truckee Colonial Mortuary and Mass will be read at the Assumption Catholic Church Saturday morning at 10 o'clock with interment to follow in the Truckee cemetery.

A native of Italy, Siri had spent the past 40 years of his life in Truckee where for many years he was employed in the woods, later working in local bars. He was never married and leaves two brothers, Ernest of Truckee and George Laurence of Reno.

Siri was a favorite among the children of the community and seldom passed one without tendering a stick of chewing gum or a piece of candy. He will be missed by his many friends and associates here.

Heavy Load Expected By Mother's Day Calls

The telephone company is looking forward to some kind of a record this Sunday. Mother's Day gives Pacific Telephone its second heaviest traffic load of long distance calls for the year—exceeded only by Christmas.

Last Mother's Day saw a gain of 13 per cent more toll calls than the preceding year. If the upward trend continues on the same scale this year, this Sunday will see 186,740 long distance calls going through telephone offices in northern California and Nevada.

Pacific Telephone will add many extra toll operators for that day. In many cases, they will be operators who normally handle local calls. Large toll centers will draw on relief operators from small offices in the vicinity to fill in where necessary.

Even so, calls to eastern states may encounter some delay.

To help speed calls, these suggestions were made by Charles F Berlenbach, Jr., Pacific Telephone manager here:

(1) If you know the number of the person you are calling, tell the operator. The call will go through faster.

(2) Try to make your call in the morning, or after six o'clock at night when long distance boards are not so crowded.

FORMER COUNTY OFFICIAL EXPIRES

GRASS VALLEY—Funeral services for Ambrose W. McGagin, 75, a native of North Bloomfield, Nevada County, and a former county probation officer, were held Saturday.

McGagin died in his home in Hills Flat, north of the city. He had been ill several months.

Hs was the father of Harold and Mrs. Alyne Bishop, both of Grass Valley, Mrs. Kathleen Barnes of Walnut Creek, and Donald McGagin of Chico, Butte County, and brother of Mrs. Clara Eichler of Seattle.

David Pankoke Feted At Birthday Party

David Lee Pankoke observed his tenth birthdate at a party arranged by his mother, Mrs. Robert Pankoke at Donner Lake Coffee Shop Monday. A group of ten classmates assembled after school to enjoy the games and refreshments and to present David with gifts on the occasion.

Hitchhiker Dies In Car Accident As Two Injured

Victim Rides Only Mile In Fatal Accident At Cisco Curve

One man is dead and two others are in the Tahoe Forest Hospital with injuries as the result of an auto accident one mile west of Cisco shortly before midnight yesterday.

The dead man was Andrew P. Monahan, 46, Gen. Del., Penryn, whose body was taken to the Truckee Colonial Mortuary.

State Patrolman William Gautsche said Monahan was a hitchhiker in the car driven west by Daniel Martin, 20, Auburn. The third occupant of the car was Paul Pettipal, 27, also of Auburn.

Martin and Pettipal had stopped at Cisco en route home from Reno and Monahan entered the car there and rode only a mile before the car failed to negotiate a curve and plunged end over end off the road.

The Truckee Ambulance took the injured men to the hospital where their condition was described as not serious.

New Coffee Shop Opens Next Week

George Carter, manager of the new Olympic Coffee Shop, in the Masonic Building at Truckee, this week announced that the establishment will be opened for business on or about Tuesday, May 10.

The location, formerly occupied by the Truckee Shoe Store for many years, has been completely rebuilt and redecorated to house the modern coffee shop and recreation. In the latter pool and snooker tables and two card tables have been installed.

The front portion of the building has been equipped with a small kitchen complete with all the latest faciilties including refrigerated food compartments as well as steam tables, a soda fountain, 12-stool counter and four booths for service to patrons. All the equipment is new and of latest design.

Carter is extending an invitation for everyone to drop in and get acquainted with Truckee's newest enterprise.

REVUE BY TAHOE HITS AND MRS TO BE HELD THURSDAY

TAHOE CITY—The Hits and Mrs. group of Tahoe City are holding their spring Musical Revue at Tahoe Inn on the evening of May 12. There will be 13 acts in the show, and two hours for the eveing, beginning at 8:30 and 10:30, respectively. Tickets are on sale here at the Tahoe Inn and the Tahoe City Bakery, and at the Buckhorn Inn in Kings Beach and the Heller's Variety Store in Truckee.

Bob Beaverson of this city will direct the show, and members of the three-piece orchestra include Pat Vanni, pianist; Dinty Moore, banjo; and Mary Ann Tonini, drums.

The all-local talent cast includes the following: Carol Marvin, Mary Ann Connors, Beccy Shontz, Margie Broyles, Martha Snyder, Doris Clark, Tessie Anderson, Bobbie Jackson, Violet Pomin, Marion Rustad, Edna Obexer, Alberta Stark, Grace Gehlert, Betty Starratt, Mazie Carnell, Audrey Brehler, Naomi Harvath, Pauline Sheehan, Solveig Beavers, June Grinstead, Dorothy Van Allen, Betty Ball and Bernice Giannini.

University Man Will Address Local Group

A University of Nevada faculty member will address the joint session of the Tahoe City and Truckee Nursery School adults to be held Tuesday, May 10, at 7:30 p.m. in the cafeteria of the Tahoe-Truckee High School. The talk will be on behavior problems of small children. All interested persons are invited to attend.

The local parents-nursery school group wish to thank all of those who contributed to make a success of their recent card party. Ken Gordon and Mrs. Allen Jones held first and second awards following the games.

Doug Barrett Arrdesses Nevada City Session

Douglas Barrett, assistant press secretary for Gov. Goodwin J. Knight and a former Truckee newspaperman, represented the governor at the meeting of the Nevada County Historical Society Saturday when more than 300 attended to pay honors to Elza Kilroy and Edward C. Urens. Barrett presented a parchment scroll to the two from Governor Knight, and conveyed the regrets of the chief executive who is in Washington at the present time and was unable to attend.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO — (CNS)— A man-sized battle between California school trustees and the California Teachers Association is under way in the state legislature over AB 2600, a measure by Assemblyman LeRoy Lyon changing the provisions of the teachers' tenure law.

The Lyon bill is endorsed by the California School Board Association, an organization formerly known as the California School Trustees Association. Simply stated, the measure proposes that the requirement of a superior court trial for dismissal of a teacher shown to be unfit and incompetent be repealed, and that the standard procedure of the California administrative procedure act be substituted.

Under the proposed change, the teacher still would retain all the rights of appeal to the courts, but the trustees, in filing charges, would file them with the state administrative body.

The assocation has made a survey and claims that about 435 of the 90,000 teachers in California are "denying some 12,000 students in their charge the proper training and education." Presumably, these would be teachers who under tenure would be involved if the measure passes.

From all indications, however, the Lyon bill never will get out of committee. One member said that the assembly committee on education, to which all educational bills are referred, is all set to kill the bill when it is brought up for discussion.

Thus, the influence of the California Teachers Association which maintains a strong and powerful lobby in Sacramento, is seen. In a release issued by the association, Miss Jennie Sessions of Inglewood, chairman of the Tenure Committee of the Association, the claim is made that the School Board Association is acting contrary to official stand taken against

Extension Of Reciprocity With Nevada Trucks Given Senate Approval

The senate passed and sent to the assembly CB 144, Brown, which would extend until January 1, 1956, the truck registration fee reciprocity agreement between California and Nevada.

Senator Charles Brown (D) of Inyo County explained enactment of the measure is necessary because of a ruling by Attorney General Edmund C. Brown which which states that inasmuch as Nevada charges California trucks a public service commission fee, reciprocity with California no longer exists and California must charge registration fees for Nevada trucks operating in this state.

The effect of the legislation would be to defer enforcement of the ruling in order to give the two states an opportunity to work out a reciprocity arrangement.

The senate also passed:

SB 159, H. T. Johnson—Would increase the salary of the Nevada County auditor from $1800 to $2400 a year.

SB 199, Combs—Would permit the Napa County Flood Control District to increase its ad valorem tax rate from 5 cents to 10 cents per $100 of assessed valuation.

PARENTS WARNED ON PROPER USE OF CHILDS' BIKES

SACRAMENTO—Parents, teach your children to bicycle the right way.

Last year, according to the Highway Patrol, all but four of the 27 bicyclists killed in traffic within the state were under the age of 15. Among the injured 2760 of 3259 were in this same age group.

"Before permitting children to ride bicycles, parents should be certain that the youngsters understand traffic laws and will obey them. This is the first requirement for avoiding traffic accidents," B. R. Caldwell, California Highway Patrol commissioner cautioned.

Caldwell listed a series of eight safe bicycling rules to be taugh and followed:

(1) Ride with traffic, keeping as far to the right of the roadway as possible.

(2) Do not weave or stunt. Ride in a straight line.

(3) When riding with friends, travel single file.

(4) Put books and packages in a carrier attached to the bicycle, and never carry passengers on a bicycle.

(5) Obey all traffic signs, signals and traffic laws.

(6) Never hitch onto trucks, automobiles, or other moving vehicles.

(7) If it is absolutely necessary to ride at night, have a good head lamp and rear reflector.

(8) Never use a bicycle that is not in good condition.

Hitch-Hiker Bill Goes Back To Committee

SACRAMENTO (CNS)—A bill barring hitch hikers from California highways yesterday was returned to committee for amendment after failing to pass the assembly.

Charles E. Chapel, Inglewood, author of the proposal, asked that the record of the assembly vote be expunged and the measure be referred to the committee on transportation and commerce. He said opponents who held up passage had minor objections which could be overcome by amendments.

The bill would have prohibited any pedestrian from soliciting rides on state highways.

Deaths On Highway Decline In District

SACRAMENTO (CNS) — Rural highway deaths in the Truckee-Roseville area during the first three months of this year totaled three, as compared with five for the same period last year, the California Highway Patrol reported.

The patrol said the number of traffic accidents in the area reached 107 during the same period, compared with 130 a year ago.

The number of reportable accidents was 83, a decrease of 23.

Throughout the state, rural traffic fatalities totaled 429, just two less than for the three month period of 1954. Injuries increased from 9745 to 10,579.

The number of accidents was up 9 per cent, from 6297 to 6852.

Kings Beach Soldier Completes Army Class

FOR SAM HOUSTON, Tex.—Pvt. Russell K. Harried, 20, son of Mr. and Mrs. Earl Harried, Kings Beach, recently was graduated from the Army's Medical Field Service School at Fort Sam Houston.

He completed the school's dental assistant course, conducted by the Brooke Army Medical Center. He was trained in assisting dental officers and in the maintenance of dental equipment.

Private Harried, who will now be assigned to duty in Hawaii, entered the army last Septehmber and completed basic training at Fort Ord, Calif. While a civilian, he attended Colorado State College in Greeley.

A total of 482,567 persons in 1954 failed in tests given by the Department of Motor Vehicles for California drivers licenses.

The Department of Motor Vehicles in 1954 revoked the licenses of 13,558 California drivers.

The licenses of 27,139 California drivers were suspended last year by the Department of Motor Vehicles.

CHAMBER MEET

TAHOE CITY—Mrs. Mrytle Carnell, secretary of the Tahoe-Sierra Chamber of Commerce announced a board meeting of the organization to be held at 7 p.m. on May 6 in the Community Center. This will not be a dinner meeting. All members are invited to attend.

The Charles F. White, Jr., family wrote last week from Palm Desert that their address will be Kings Beach for the summer.

NORTH TAHOE

By JUDGE HARRY CHARRISON

MOTHER

Yes, the most precious word in this world Mother, this Sunday we honor the name, as a whole, but to most of us, every day is Mother's Day. Having had no parents since childhood I still find myself, when in adversity and down hearted, calling upon my mother, it seems to come out so easily to just say MOTHER it has a soothing effect somehow, so give every day to the mother's memory. God bless them.

May Day

Sunday the first of May and it's a beautiful day too, just the day to start the season. Everyone seems ready to go. Carol Howard our P.M. opened the delivery of mail for the first Sunday of the season.

Summer Residents

Quite a string of our summer residents are back for the season, among those reporting are Bill and Bonnie Bates of Horseshoe Lodge, George Mortensen of George's Grocery, Joe Ross of the Trade Wiinds. The Palmers of the Riveria Shop. Maybe others before we get through.

Lions Roar

The Lake Tahoe Lions had a ladies night last Tuesday when several district officers were there. Final arrangements were made to handle the convention that commences on May 20 through the 22 and it is expected that around 500 will be on hand to take advantage of unusual activities that are being prepared. The delegates will register at the Cal-Neva Biltmore, and most of the clubs at Crystal Bay will take active participation in the events.

Clean Up

The cutest car wash rack I have seen has been installed at the gas station of Lee Madden at the bottom of Brockway Hill, Kings Beach. Had mine washed there in a jiffy, and by the way, who should take part in the demonstration but Hank Sams who will be helping Lee out this summer. Hank still thought he was at school, wanted to give me a lesson in car washing. He did.

The Underground

Saw Dick Lavery, assisted by Kenny Lavery and Gerry Potts digging out a basement under his home (the Lavery home that is). Getting ready for the bombs, Dick?

Operation

Visited Andy Sorensen a few days ago, and found him in real good spirits, but at the moment with little improvement of his sight. Alice will be taking him back to San Francisco, where it is expected he will undergo more surgery. Andy was high in his praise for the wonderful treatment he received at the Vets Hospital, Fort Miley. We are all very hopeful that this time the operation will be successful.

Smudge Pots

Something I have not seen since leaving the citrus belt, smudge pots to keep the cement with which they are building Joby Lewis' casino at Crystal Bay warm. That is really something—smudge pots in the High Sierras. Joby is leaving no stones unturned to get this new club ready to go. Wonder what the name is going to be? Tell us, Joby.

Successful

Now to give a little space to the talent show held at the Brockway Theater and sponsored by the members of the Community Methodist Church. It was exceptional in every respect. First a good turnout, second a wonderful show, each participant did themselves proud. Jimmy Chastain as M.C. was outstanding. He allowed not a dull moment throughout the evening and sang and played the guitar to the delight of all. Other stars were a quartet (kids) Peggy Mandeville, Helen Ehlers, Kay Felte and Bernice Franklin. They sang "Open Up Your Heart and Let the Sunshine In." Dave Ashton was great, in a couple of humorous readings. Jimmy Chastain, Joellyn Ashton and Margie Charrison sang "Side by Side." Joy Plunkett sang, accompanied by Ruth Mizner and Joy's father, Karl Harried. Rev. Covher sang "One Alone." A skit, featured as a Dragnet number was wonderfully performed by Peggy Mandeville, Marguerite Ashton, Mrs. Waddell, and Kay Felte. The skit was originated by Mrs. Ashton. A real cute number was done by Cub Scouts Chris Felte, Brad Thompson, Paul Franklin, and Bud Robertson. Mrs. Delory did her dance with her lady partner, as seen in a French cabaret, and about 20 young Pathfinders sang a few delightful numbers. Little Margaret Mandeville sang and Sheron Little and Fred Schultz, Jr., played the accordion. Hope I have not missed any, as they were all so good. The program finished with splendid numbers by the Two Guys and a Gal musical trio from Ta-Neva-Ho, and also a Walt Disney picture. Thanks to Ruth Mizner for doing such a good job at the piano. Also to Tom Lucas, who so generously donated the theater for the big show.

Old Friends

Had a very nice visit with two of my good friends. One was Ben Callender, of Callender's Lodge, Homewood, and the other Jake Obexer also of Homewood. Sure is nice to know they are back—hard to get along without them.

Convalescing

Just talking to Thelma Burroughs, home from the hospital n'everything and says she is feeling just fine. We are hoping it will be the last trip to those institutions. Believe it or not, Mac is off his crutches and just wearing a brace and is getting along swell. To celebrate the occasion he went fishing way out on the lake, just a regular old salt that's all. Fishy story, ain't it?

Soldier

We, and the students of Tahoe Truckee High School, were surprised to read that Chuck Redd who was a popular teacher at the school, is in the service and stationed way down in Texas. We were also glad to see, or hear, that his heart is still in the Sierras, and to know that he gets the Sierra Sun and enjoys it, although he is deep in the heart of Texas. You'll soon be back, Chuck.

Steak Dinner

On Sunday evening, Mother's Day, there will be a Swiss steak dinner at the church. All of our friends are welcome. You have enjoyed all the dinners there, and the charge will be real nominal. This is on May 8 at 6 p.m. At the service last Sunday there was another new face in the choir—that of Mrs. Edna Ferguson. There will be practice on Friday at 8 p.m.

Late Comers

Yes, a couple more of our friends are back, Mell Miller, the local refrigerator man and Bucky Harris of North Shore Club, Crystal Bay. Bucky and his wife were at Palm Springs all winter. Glad to see them back.

Back

Glad to see Roy Woodhull back on the job at the Tahoe Food Center. He was home with a lame back, but to all appearances he is OK and if looks mean anything, the rest did him good.

Graduation

Karl Harried informs me that his son, Russell, is now dental assistant and is stationed at Hawaii at Tipler General Hospital (lucky boy). Russ graduated at Brooke Army Medical Center, Fort Sam, Houston, Texas. He is well known in this area, having attended the Tahoe-Truckee High School and was always on top in his grade. Congratulations, Russ.

GATES STILL CLOSED

TAHOE CITY—All gates at the mouth of the Truckee River at Lake Tahoe are still closed and the level of the lake Monday was reported at 6226.14 feet. No precipitation, aside from a trace has been reported during the past week.

There's not enough food for you and the bugs

As any backyard gardener knows, you have a fight on your hands from the moment you turn over your first spadeful of earth. At every step, fungus growths, weeds and insects wait to destroy your lawns, trees, plants, flowers. A disheartening struggle for Greenthumbers . . . a round-the-clock fight for commercial farmers.

But, there's a growing list of weapons you can wield against bugs. Some of the most effective have been developed by Standard's subsidiary, California Spray-Chemical Corporation. In 1907, we brought out the first basic lead arsenate to stop the codling moth, a fruit crop destroyer; later, new-type summer and dormant oil sprays that safely checked scale and other insects.

Other Standard research achievements have been chemicals to kill aphis, mites, thrips, and similar sucking insects . . . dusts to destroy fungus diseases like rust, blight, mildew . . . sprays and dusts custom-made to knock out such enemies as the grasshopper, boll weevil, hornworm. Other pest-killers boost milk production from our dairy herds, help beef cattle fatten faster.

One good reason you live in the world's best-fed nation is because insect invaders have been held back on our farms, ranches, and orchards, thanks in part to Standard's constant hunt for new ways to make petroleum do more things for you.

Standard plans ahead to serve you better

STANDARD OIL COMPANY OF CALIFORNIA

School News

TRUCKEE ELEMENTARY

Kindergarten: We have been discussing various good health practices. Members of the class drew pictures depicting these practices. Lenny Vind, Gary Kehm, Timmy McLane, Bruce King, Danny Whiteneck, Russell Glenn, Vicki Crandall and Judy Ann Wescoatt told us about the good breakfasts they eat. We have been learning about different kinds of weather. We discussed the four seasons of the year. Visiting us during Public School Week were Mrs. Lyle Wescoatt, Mrs. Lester Braasch, and Mrs. Wilbur Glenn

First Grade (Mrs. Bissett's): With the room-count money that we won at PTA, we bought a bird for our room. We learned how to feed and care for our parakeet. We named him Busy-Izzy. We have been studying animals and fowls that lay eggs, such as chickens, turtles and snakes.

First Grade (Mrs. Croxen's): In science we have been learning about plants. We have learned how to make new plants by planting seeds, such as beans, and avacado seeds. We also started new plants by taking cuttings from large plants and rooting them in water. Charles Hintz, Diana Pankoke, Dawn Maynard and Jackie Finnegan brought flower pots and are going to start their own plants from cuttings.

Second Grade: In science we have been looking for, and drawing pictures about the things which we have seen in the spring. Judy McGwinn drew a picture of spring flowers, Teddy Daniels and David Soroni of tadpoles, Sheila Larrivee of baby ducks and Carolina Urbina of robins.

Third Grade: Dick Ingalls brought a turtle to school to add to the science corner. Dick wrote an interesting story about it. We are studying about turtles and what they eat. In health we are studying about the importance of well balanced meals and proper exercises.

Fourth Grade: Science has been a real part of our social studies unit. In a movie showing how the clipper ships sailed around Cape Horn, the topics of weather in the various zones was of interest. Reading about the discovery of gold in California, different methods of mining were discussed. How real gold can be distinguished from "fools" gold is a question we hope to answer. The class is starting a California rock collection.

Fifth Grade: We have been studying about air pressure and water pressure. We have performed a number of interesting experiments along with the study.

Jimmy Osburn made an extremely interesting report on the Golden Eagle, and Mike Robichaud looked up some unusual facts about crocodiles and alligators. Olivia Montano brought some information about the Asiatic leopard, and Pat Freeman wrote about some species of flowers.

Sixth Grade: Science consisted of learning the role of the Andes Mountains, rivers, and rainfall on the lives of people in Venezuela, Colombia, and Ecuador. These climatic factors influence the products raised, the habitats of people and clothing. We have learned that the majority of the people live in the highlands where the weather is mil. Topographical features dictate the location of principal cities.

HIGH SCHOOL

The girls of the Homemaking Department, under the direction of Mrs. Earl Smith, will present a fashion show and tea at three o'clock on May 11, The tentative plans are at present the following program: A short review of school clothes, blouses, jumpers, and skirts, by the seventh and eighth grade girls. A skit concerning dressmaking by the seventh and eighth grade girls. The students in the advanced sewing class will model night wear, school clothes, sport clothes, formals, and other dresses. A commentator will describe and comment on each garment as it is modeled. Tea and cakes will be served by members of the homemaking classes.

TAHOE LAKE

Tahoe Lake first graders set up a science display for open house. They drew pictures of our acquarium and the fish in it.

Second, Third and Fourth Grades: We had open house, April 26. We had student teachers to acquaint parents with our work. Danny Conners and Janet Verner took charge of listening and thinking display; Jim Schrader, science; Bill Gorham, art; Mike Marvin, original booklets; Steve Horvath arithmetic; Vicki Jo Rich, creative language; Joe Hoxie, spelling; Erica McLane, recording; and Suzanne Sprague, teacher's corner. The parents were very pleased with the results of the Buzz Session under "Listening and Thinking."

Fifth and Sixth Grades: Our class along with certain members of the fourth grade are practicing songs for the music festival which will be held at the high school on Friday, May 13. All elementary schools in the district will participate in the festival.

Trent Giannini and Jeri Grinstead are working on a model of the Panama Canal. Wayne Poulsen and Steve Randall are making a relief map of Mexico and Central America. This week the class is studying Mexican art and designs.

DONNER TRAIL

Because of the terrific storm that we had on the 25th of the month we were forced to postpone our Public Schools Week Open House to Thursday of this week.

We have three new people in our school now. Pamela and Mary Zozula are new first graders and Albert Eberhart is a new boy in the fourth grade.

NEW OFFICERS FOR SKI CLUB NAMED AT TAHOE MEETING

TAHOE CITY—Fifteen new officers of the Squaw-Tahoe Ski Club were named at the election held Friday at Donaldson's cafe, with Bill Briner chosen to head the organization during the coming year.

Other officers selected were Dodie Post, first vice president; Gordon Butterfield, second vice president; Pat Riley, corresponding secretary; Jack Starratt, tournament director and Ray Fellows, competition chairman.

The following were chosen by secret ballot: chief of hill, John Martesia; recording secretary, Lucile Heuga; treasurer, George Lardner; publicity director, Blanche Donaldson; directors at large Jimmie Stewart, Rick Giannini, Pete Heuga, Al Henry and M. Duval.

Committees named at the meeting were: to pick out sweaters and jackets, Jack Starratt, and Dodie Post;; Olympic Hill, Al Henry and Pete Heuga; emblems, Dodie Post and Pat Riley; willow poles, Gordon Butterfield, and George Lardner; fund raising, Jack Starratt, chairman.

During the summer there will be one meeting each month by the board of directors.

KINGS BEACH SCHOOL

Second and Third Grades: This week we finished our health projcet, Our Daily Health Program. Each member of the class drew a health picture and wrote a story of his daily health routine.

Rickey Molsberry transferred to Santa Rosa. Susan Decker returned to Sacramento this week. The following children received their polio vaccination Friday: Wayne Mandeville, David Mills, David Reed, Carl Brooks, Marelea Draney, Dixie Lee Reese, Carol Franklin, Ronnie Baker, and Alton Clother.

Kindergarten and First Grade: There were many contributions to our unit on seeds and plants this week. Joan Palmer brought a flower book, Vern Wing brought avocado seeds, Steve Felte brought flower seeds. Pamela Powell brought tulip bulbs. Phil Thompson brought watermelon seeds, and Linda Ford brought a potato.

One of the first grade reading group had an oral reading test. Those taking the test were Mike Reed, Phil Thompson, Chris Althof, Pamela Powell, Steve Felte, and Darryl Lausche.

The New Reduced Electric Rates offer you an opportunity to shift still more work of household tasks to efficient electric servants which work for pennies a day. Start now. Take full advantage of your savings from Cheaper Electricity.

Keep Well and Warm . . . Help ward off colds with a quick-acting electric heater in the bathroom, breakfast nook or bedroom. Operate one of these efficient little electric heaters on your savings from reduced rates.

★ ★

Let's See . . . Give your eyes Better Light for Better Sight with one of the new floor or table lamps that you can turn up or turn down to vary lighting intensity. Prices have never been lower for these better lamps.

★ ★

Sit Down while you iron with one of the new electric ironing machines. Effortless ironing, it is called, because it takes away the backache from ironing day.

EVERY TIME you turn on the lights and plug in an electric appliance or glance at the electric clock in your home, reduced rate electricity—cheaper than ever before—is working for you

Under these new low rates, too, is the added incentive to do more electrically with better light for better sight, and use more electric servants to save work and give added comfort and convenience to everyday home life. The added incentive is this: The more electric servants you use, the less you pay for the added hourly units of electricity. For these new low rates are step-down rates—the unit cost of electricity goes down as you let electricity do more of your work.

How will you take advantage of reduced electric rates? Well, you can now buy and put into use the various electric appliances you have had in mind as the next home purchase. A refrigerator to cut down food bills and give you handy ice cubes or frozen desserts. An electric heater for the chilly bathroom. An electric washer and ironer to take the backache out of washday. A vacuum cleaner, a dishwasher or an electric range and water heater.

"Where Quality, Price and Service Meet"

DR. HENRY BACK AT TAHOE OFFICE

TAHOE CITY—Dr. and Mrs. Wiilliam Henry and children have been welcomed back to Tahoe City having spent the winter at Oroville. Dr. Henry is announcing this week the re-opening of his office for the practice of chiropractic practice and is looking forward to a pleasant summer here.

OFFICERS SPEAK AT ROTARY MEET

KINGS BEACH—Sgt. E. L. Freeman and Traffic Officer Martin Sturcke of the highway patrol were the guest speakers at the regular weekly meeting of the Rotary Club of Brockway on Monday night at the Crystal Bay Club.

During their talks these capable men gave many statistics relative to the highway patrol such as: it's history, the period of training of patrolmen, safety, cost of maintenance, etc.

A joint meeting of the Rotary Clubs of Tahoe City, Truckee and Brockway; the Truckee Lions and the Truckee 20-30 Clubs will be held on Monday night, May 9, at 7 .m. at the high school to hear Alex Cushing of Squaw Valley, talk on the Olympic games of 1960.

NEW EQUIPMENT FOR LOCAL PLANT

TAHOE CITY—G. D. Waters of Deer Park announces the purchase of new 3-yard concrete mixer truck to supplement the 3½-ton truck which had previously been used in transporting ready-mixed concrete to builders throughout this area. Waters said the two trucks will make it possible to keep an almost constant flow of concrete pouring on jobs in the area.

Also added to the equipment at the Deer Park plant was a 20-30 Cedar Rapids rock crusher, capable of turning out 100 tons of crushed rock per day.

Waters has reopened his gravel, rock and cement plant for the season and invites comparison of quality and prices.

INCREASED WATER RATES AT TAHOE SEEN IN REPORT

TAHOE CITY—Diirectors of Public Utility District here, at a special meeting on April 28 passed a resolution stating the need for an increase in water rates to provide approximately $1800 more revenue annually, to meet increasing costs of operation and proposed improvements in the water system.

Three copies of an ordinance, passed and posted in Tahoe City, shows an increase of $10, or $35 per year, for residential and most commercial use of water, with a corresponding increase in other commercial use. There is, however, a lesser increase in the rate for some consumers, designed by the directors for a more equitable charge.

The directors decided at this time to hold a public meeting at the Community Hall on May 28 to advise the town's people of the necessity of the rate increase, and explain operations of both the water and sewer departments with emphasis on the need of a long range program in the system.

After a review of water works operation since 1939, when the Public Utility District here was formed, the sewer disposal district started in 1949. There is soon to be a question-and-answer session concerning all important points in the matter, between district directors and Attorney Paul Chamberlain of the law firm of Chamberlain and Chamberlain, so that the district may answer any legal questions that may arise.

BEACH DISCUSSION FEATURES MEETING

TAHOE CITY — Twenty-eight members and guests of the Rotary Club met in Tahoe Inn Tuesday evening for a dinner meet when Harold K. Farr became a member. Fred Kilner and Cliff Anderson were welcomed on their return and Ray Dunshee of Sacramento was a visitor.

Jim Martin, secretary, obtained official approval to write to foreign countries of his choosing to increase international friendships. Don Snider will head a group to visit International House being erected near Olympic Ski Hill to decide what the club will donate toward the completion of the edifice.

Wm. Conners, president, invited discussion in lieu of a planned program and George Kehlet asked of the advisability of the Division of Beach and Parks in acquiring so much lake front land as has been done at the south end of Lake Tahoe, taking valuable property off the tax rolls. The acquistion of the Emerald Bay, Baldwin and Pope properties in a long range program seemed to gain approval in the discussion.

The members will not hold a meeting on Tuesday evening due to the fact that they plan to attend the joint meet of all civic groups to be held May 9 in the Tahoe-Truckee High School.

FASHION SHOW IS PLANNED BY CLUB

KINGS BEACH—The North Tahoe Woman's Club will hold a luncheon and fashion show on Monday, May 23. The place of meeting has not been decided and will be announced later.

Mr. and Mrs. John Palmer of the Riveria Shop at Kings Beach will show their spring styles at the event.

FISHING SEASON OPENS IN THIS DISTRICT

SAT., MAY 14th

"A feller isn't thinkin' mean
Out fishin';
His thoughts are mostly good and clean
Out fishin';
He does not knock his fellow men,
Or harbor any grudges then;
A feller's at his finest when
Out fishin';
"A feller's glad to be a friend,
Out fishin';
The brotherhood of rod and line
An' sky and stream is always fine;
Men come real close to God's design
Out fishin';
"A feller isn't plotting schemes,
Out fishin';
He's only busy with his dreams
Out fishin';
His livery is a coat of tan,
His creed to do the best he can;
A feller's always mostly man,
Out fishin';

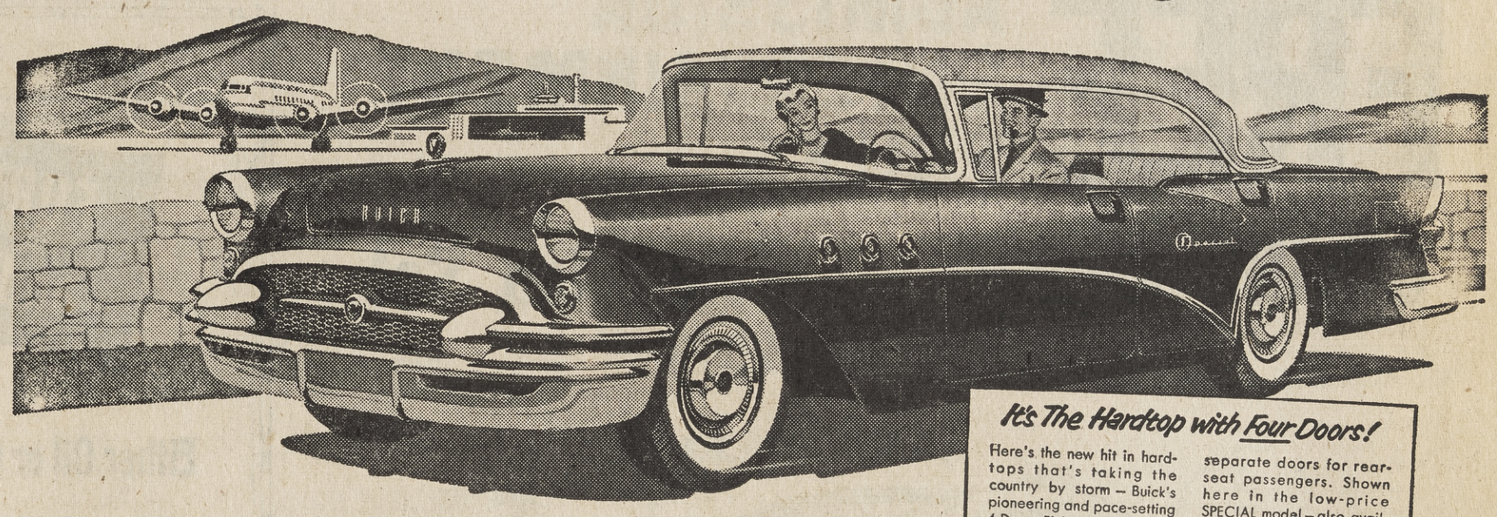
You'll feel like a pilot without leaving the ground



It's The Hardtop with Four Doors!
Here's the new hit in hardtops that's taking the country by storm – Buick's pioneering and pace-setting 4-Door Riviera. The "convertible" look, with no center posts in the side-window areas – but with separate doors for rear-seat passengers. Shown here in the low-price SPECIAL model – also available in the high-powered CENTURY Series. Both now in volume production to insure prompt deliveries.
Just wait till you switch the pitch of Buick's new Dynaflow*!
How would you like to take the wheel of a high-powered Buick and feel an experience you never felt before in any earth-bound vehicle?
How would you like to do – just by pressing down the gas pedal – what a pilot does when he's ready for take-off?
And how would you like to drive with the happy thought that you're getting plenty of miles per gallon in normal cruising – and the electrifying action of the world's first airplane-principled transmission when you need it for split-second getaway response?
It's all for you when you say the word and slip into the driver's seat of a new Buick with Variable Pitch Dynaflow.*
Not only do you take command of record-high Buick V8 power – and the most envied ride in the industry – and the brawn and heft and luxury of a truly solid automobile.
You also call the turn a twenty propeller-like blades deep inside a wondrous new Dynaflow that's patterned after the principle of the modern plane's variable pitch propeller.
You hold these blades in their high-economy angle when you press the pedal in the normal way – and you get a lot more miles from a tankful of gas.
You switch the pitch of these blades to take-off position when you press the pedal way down – and you get spectacular action *instantly*.
Don't take our word alone that this is thrilling beyond all previous experience.
Talk to anyone who's tried it. Or, better yet, come try it yourself. That way you can learn firsthand why Buick sales are soaring to all-time best-seller highs. Drop in this week, won't you?
*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.
Thrill of the year is Buick

NEWS NOTES FROM TAHOE

By Ethel Joslin Vernon

Unusual weather for this time of year continues here intermittently with clouds apearing from nowhere on a moment's notice, and temperatures changing from freshly crisp to uncomfortably cold within a few hours. Only two days during the past week could be called pleasant. They were Wednesday and Thursday, when the sun rose clear and shone all way. The rest of the week was cloudy, windy, or filled with snow flurries. Our weather observer, Arthur Frodenberg, said that through the past few days there has not been enough moisture in the flurries to register as precipitation, and that since the morning of the 27th it could only be recorded each day as a "trace." He said that the last precipitation he registered was on April 25, 26 and 27. The first of these days .25 inch, with a 2-inch snowfall, the second .95 inch and 15 inches of snow, and on the third day .15 inch with 1½ inches of snow.

Play Golf

Friday being a blustery damp day 'round Tahoe's golf courses, Tahoe City's top-notch golfers, A. M. Anderson, N. R. Mayfield, Joe Henry and daughter Pat Fox, spent the day on the Reno greens. It is yet to be learned whether they found the weather any better there than at home. Pat and Malcolm Fox and small daughter, Tabor, who through the past winter have been living in San Mateo, moved back to Tahoe during the past week. They are now busy getting their Squaw Valley home in readiness for the coming summer season.

Open House

On Tuesday evening, April 26 the Tahoe Lake Elementary School put on their annual open house entertainment very successfully for a capacity attendance of parents, students and friends. All the unified schools took part. Conrad Briner and Norman Dewhurst, teachers from Tahoe-Truckee High, displayed the latest audi-visual equipment, as well as interesting samples of student core-work. Tahoe Lake School had a sequence arrangement of both the academic and the creative programs from kindergarten through the sixth grade. Practice continues this week on the various parts of the music festival to be held at the high school on the evening of May 13, with Chairman Ruth Roberson drilling her student choir daily.

Hold Convention

The Far West Ski Instructors' Association held its annual convention last week in Squaw Valley from April 25 to the 29. Skiers from the various ski sports areas all over the West attended this course of instruction held in conjunction with the closing of the sports season here. However, of the large number who took the final examinations, only four were reported to have won the full high honor pin of credits. It is thought that, with the prevalent unusual weather this spring and its trend toward improved ski sports conditions, the closing of snow sports season here may be postponed and the skiing activities in Squaw Valley continued for some time yet.

Attend Conference

On the weekend of April 24, 25 and 26, fifteen Tahoe City Rotarians and wives attended the annual Rotary conference held in Reno, and they found the weather there every bit—if not more—wintry and uncomfortable than at home. However, in spite of icy or slushy conditions, the Rotarians put on their golf tournament Sunday afternoon to the best advantage. Upon their return home Tahoe friends reported sizable conquests for three of their brother Rotarians, Martin Spitsen, Howard Guth and Jay Shontz, who won money prizes in the game. In fact there was some mention concerning Spitsen making "13 strokes in one"—or some such amazing play. (We haven't the slightest idea what that may mean—but it sounds impressive!)

Makes Hit

At the State Music Teachers Association's entertainment, given in a Sacramento theater during the past week, a Tahoe City girl with a beautiful singing voice made a big hit with some hundred of music lovers. She is little Carolyn Henry, 11-year-old daughter of Dr. and Mrs. William F. Henry of this city. Her music teacher, Mrs. Don Rich of the D. L. Bliss Memorial State Park here, made the appointment and took the little singer to the Capitol City. Carolyn's voice has several times been pronounced the equal of a fully matured woman's singing voice.

Make Progress

Work is progressing this week on the new motor court construction at "Highland Heights," the former R. H. Watson property on the timbered flats above the Lake Forest locality. A large acreage was purchased there last fall from the Watsons by Dr. and Mrs. M. Fabian, Nevada residents. The Watsons, who spent the past winter at their Clarksville place, are now building a new home in the heart of the old gold town country. They have lived most of their lives on the shores of Lake Tahoe.

Returns to Lake

Mrs. Fern Schlueter, proprieter of Schlueter's Resort on the highway south of here, returned to her lakeshore home in the midst of the recent spring blizzards which so roughly swept the Donner Summit. Because of snow-blocked roads at the time she was forced to spend two nights at Nyack Lodge on the way home. She had spent most of the past winter in Oakland, and drove home from there in a brand new car this spring.

New Car

Another Tahoite who is proudly sporting a new car this week is Constable Harry Johanson of this city. It is a beautiful blue Hudson Rambler, equipped with all the latest trimmings. Also it has a special room built into the back which is reserved for Harry's best friend—Pete, the handsome white husky.

To Hold Meet

The Tahoe Sierra Chamber of Commerce will hold its monthly director's meeting in the Community Hall here on the evening of Friday, May 6. Various discussions of general interest are scheduled for this meeting, and the public is invited to attend. The annual Gold Cup regatta is again growing in interest in the public mind, and will probably come in for a great share of attention.

Hoerdler Back

Ernest Hoerdler, a summer resident here for many years past, returned to his Tahoe City home for the summer during the past week. He brought a friend with him from his winter home in Covina, and the two men have been spending as much time fishing on the lake as our damp and windy weather will permit.

Enjoys Visit

Mrs. Vivian Sabonage of Sacramento visited her childhood home on the lakeshore again last week, and in spite of sloppy weather, enjoyed several fishing trips with her father, Ernie Pomin of Idlewild. Ernie is an old time fisherman here, having spent nearly 60 years of his life along the shores of Lake Tahoe.

Sees Country

A message this week, from Janet Watson in the midst of her extended spring vacation, comes from New Mexico and bears a picture taken in the famous Carlsbad Caverns. She writes she has seen a lot of country, but so far nothing as beautiful as the Tahoe region.

Entertain

Mr. and Mrs. Harold Farr entertained in their home here over the weekend Harold's sister and family, Mr. and Mrs. William Hearne and small son, Billy, who enjoyed a short vacation trip from their home in Valley Springs,

Goes East

Tony Ryerson, who recently bought a lakeshore home at Carnelian Bay, left last Sunday to visit relatives in his former home in Chicago. He will motor to the eastern city, and perhaps bring his parents back with him to his new home here.

Mr. and Mrs. Charles Warner will again be at Tahoe City from Cupertino, and the Frank Kennedys will be in Tahoe City from Cathedral City to greet their friends.

Two-thirds of all California farms are irrigated.

Olson Appointment As S. P. Official Revealed

Appointment of Carl O. Olsen as general passenger agent for Southern Pacific's Central District, to succeed Fred E. Watson on his retirement May 1, was announced today by the railroad.

With headquarters in Oakland, Olsen will direct passenger traffic in the SP territory ranging north from Bakersfield to the Oregon line and eastward to Ogden, Salt Lake City and Butte.

Olsen has been the railroad's passenger traffic manager at Chicago since 1952, prior to which time he was for five years assistant general passenger agent in the Central District to which he now returns. He started with SP in 1925 as a junior clerk in San Francisco, advancing through various traffic positions at Fresno, Marysville and Salt Lake City.

TAKE IT FROM AN OLD SOLDIER! Proof of armor's ability to "take it" even from the mightiest of A-blasts currently is being furnished Army observors at the Nevada nuclear test laboratory through inspection of weapons stationed in the detonation area. One of the veterans of such demonstrations is the self-propelled, 155 mm cannon shown being checked over by soldiers during the current tests.

Bring ThemUp; Don't Run Them Down, Patrol Official Says

SACRAMENTO—Bring them up, don't run them down.

California Highway Patrol Commissioner B. R. Caldwell today offered this suggestion in urging parents and motorists to make extra effort to safeguard children in traffic.

Caldwell pointed out that one of every six persons injured in California traffic last year was a child under 15 years of age, while one of every 11 traffic deaths came from this same age group.

"Almost 17,000 youngsters, age 14 or under, were either killed or injured on our streets and highways during 1954," the commissioner declared.

"Parents and motorists must share the responsibility for this toll. Proper safety instruction is vitally important to the welfare of every child. It is equally important that motorists exercise constant alertness against the unpredictable acts of children,'" he cautioned.

Citing the toll of 276 dead and 16,714 injured among children 14 or younger during 1954, the patrol commissioner offered a few simple rules designed to help protect the youngsters:

(1) Expect the unexpected whenever children are in sight.

(2) Give bicycle riders every possible break.

(3) Drive with extreme caution near schools, playgrounds, residential areas, or other places where children play.

"It's up to adults to raise the young," Caldwell reminded.

Governor Signs Bills To Add To Speed Laws

Gov. Goodwin J. Knight has signed AB 139 by Assemblyman Belotti, relating to the checking of loads on vehicles for overloads and proper loading. This measure provides specifically for re-loading where a load can be rendered safe by reloading, and limits authority of officers to traffic officers instead of peace officers.

A second bill by Belotti, AB 141, was also signed by the governor. This bill makes the speed limit under Section 512 of the Vehicle Code, relating to persons who are working on highways a prima facie limit. It also permits local authorities as well as the department of public works to place restricting limits in snow areas and permits like restrictions on bridges and other structures. Speed limits in either instance shall not exceed 25 miles per hour.

Placer Health Group Issues Warning For Septic Tank Owners

The Placer County Health Department has issued a warning to owners of septic tanks to be careful of their selection of transient pumpers.

This is the time of the year the transient pumpers start their annual trek, often charging unreasonable prices, the department declared.

It was pointed out that each pumper must be registered with the county health department and the Placer County department issues a letter of registrations which they urge should be seen by the customer before allowing work to start.

It should also be noted that a 500 gallon tank is not cleaned in one load by a 250 gallon pump truck.

The department urges that the health department be notified immediately if a non-registered septic tank pumper applies for work in Placer County.

A total of 803 California drivers had their licenses revoked by the Department of Motor Vehicles in 1954 for habitual drunkenness.

The flavor of carroway seeds is pleasant and slightly sharp, with a sweet undertone.

Cub Scouts Get Awards At Local Pack Meeting

Cub Master Douglas Wilson led the formal ceremony at the Pack meeting held Tuesday at the Truckee Elementary School. Cubs Robert Kaspian and Steve Besio were inducted into the organization and Scout Marty Kumle was presented with a shoulder tab and cord for his work in the den.

Achievement awards went to Rod Leisure of the Wolf Den and Joe Straub, David Ayala and Barry Leamon of the Bear Den.

Daryl McGihon, committeeman, spoke on the forthcoming summer program and it was announced that the Pack meeting, May 31, will conclude the regular sessions for the summer with the various dens meeting weekly at the ball park for games and ceremonies.

The annual overnight camping trip, planned for a location on the Little Truckee has been tentatively set for the first Saturday and Sunday in August.

Forest conservation was the theme of the program Tuesday night, with all the boys taking part in impressive ceremonies pointing out the need for forest conservation.

In Placerville—
Riichard Joseph and his sister, Mrs. Roxie Archie, were guests of Mr. and Mrs. A. P. Leitch at Placerville on Sunday when they observed the birthdate of the hostess.

EIGHT BOUTS ARE FEATURED ON CARD

Eight sizzling bouts highlighted Saturday night's boxing finals in the annual Tahoe-Truckee High School fight show.

In a slam-bang main event, Aaron Thomas, 160, finished strong to edge willing Dave Germain, 155. The two stood toe to toe exchanging hard head and body blows during most of the fight.

Winner of the outstanding boxing trophy was Bob Trask, 140, who won the "B" class middleweight title over Floyd Cooper.

The exciting card, held in the school gymnasium, was run off smoothly before a standing room only crowd.

Here are the results:

Junior featherweight, (122) Ken Osburn, TKO over Ray Roberts.

Junior lightweight, (130) Jim Allen, TKO over Mayton Record.

Junior welterweight, "B" (140) Dean Herzog, dec. Tom Sheeham.

Junior welterweight, "A" (140) Mickey Williams, dec. Irv Single.

Welterweight, (147) Jess Marin dec. Pat Griffith.

Middleweight, "C" Dave Vieu KO'd Bill Burger.

Middleweight, "B" Bob Trask def. Bill Cooper.

Middleweight, "A" Aaron Thomas dec. Dave Germain.

Al Ledgerwood of Richmond was staying at his Donner Summit place while visiting friends in this vicinity.

Next Monday night's joint meeting of the Truckee and North Tahoe Service Clubs and your Chamber should be an interesting and informative one. Alex Cushing, our guest, of the Squaw Valley Development Company, will present their plans for securing the 1960 Olympics for Squaw Valley. Because of our position as gateway to Squaw Valley we stand to benefit tremendously if the games come to this area. I believe we should help Mr. Cushing in any way that we can to help bring this event of a lifetime to our area. A large turnout at this meeting will demonstrate our interest and willingness to participate.

* * *

Charlie Osburn informs me that he has some interesting films to show the Outdoor Sportsmen this evening. They are films on hunting and fishing and in color. Charlie also informs me that the Fish and Game Department is planning to plant some catchable trout in Donner Lake and Truckee River just prior to the season opening on May 14. This should make for better fishing at the beginning of the season.

* * *

Roy Waters, chairman of our Street Cleaning Department informs me he needs a few more volunteers, to help out on the business end of a broom next week. It is planned to give the street a good cleaning just prior to the opening of the season. He also informs me that the Fire Department will give it a good wash down too. Let's all pitch in and lend a hand so our welcome mat will be clean for the opening of fishing season.

* * *

This column believes that all employers should take the necessary steps to have all of their employes park their cars off the main street. There's ample room at each end and in the rear of our business to accommodate all of our cars. Let's keep our limited parking space open for our customers.

—HAL WELCH

CHURCH NOTES

On Sunday evening the Methodist Youth Fellowship is having a special program in honor of the mothers of the Fellowship members. The affair will start with a supper at 6 p.m. sharp. MYF membership cards and pins will be presented at the worship service. In addition to some fun singing there will be a movie shown called, "You and Your Parents."

Tuesday, May 10, the official board meets in which a film-strip will be shown called "More for Your Money."

COUNTY SHARE IN LIQUOR TAX FUND

SACRAMENTO (CNS)—Allocations of alcoholic beverage license fees were released today to cities and counties of California by Russell Munro, department of the alcoholic beverage control.

The funds represent monies collected for license fees in incorporated and unincorporated areas which theoretically are returned to the cities and counties to assist in payment of enforcement of the alcoholic beverage control act.

The county of Nevada received a total of $22,205.51. Of this amount, $11,778.01 went to the unincorporated areas through the county government.

Go to Fair Oaks—
The Walter Bigelows address has been changed to Fair Oaks.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

May 4, 1955

To Whom It May Concern:

Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

S|S Hwy. 28, Kings Beach, Placer County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license for these premises as follows:

On-Sale General (Seasonal Quarterly)

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages.

CARL P. ABBOTT

Patients Recover

Mrs. Roy Baker returned to her home following treatment at Tahoe Forest Hospital for an injury to her back last Friday.

Miss Menia Moretta who has also been a patient in the hospital left there on Tuesday.

Mrs. Richard Leggett of Tahoe City went home from the hospital following a recent illness.

Extend Invitation

The Electra's Collectors Club at Roseville extends an invitation to local people to visit their hobby show to be held at the Placer Fair grounds in the main exhibit building on May 14-15. Those wishing to exhibit their hobbies may phone 3890 at Roseville for space. Proceeds will be donated to the crippled childrens fund for Placer County.

Broke Arm—
Mrs. Roy Grahm of Tahoe City was treated at the local hospital on May 2 for a broken arm.

NOTE OF APPRECIATION

We wish to thank those who voted for us in Tuesday's election and to give our assurance that we will serve you to the best of our ability.

JACK NEUGEBAUER
HAROLD M. WELCH

Assessor Here—
County Assessor William Tamblyn was here on business Tuesday.

CARD OF THANKS

I wish to congratulate Jack Neugebauer and Hal Welch on their election Tuesday to the board of directors of the Truckee Public Utility District and to also thank those people who voted for me.

Tarzan

by EDGAR RICE BURROUGHS

TARZAN CHECKED THE HARASSED HUNTER'S FIRE, ALLOWING THE MIGHTY TOMAK TO PURSUE HIS ENEMIES--

'WAIT!' SNARLED TARZAN, AND NOW THE TWO MEN WATCHED TOMAK DISAPPEAR INTO THE THICKET AFTER HIS QUARRY.

THERE WAS A MOMENT OF EERIE SILENCE, THEN A RESOUNDING, BLOOD-CURDLING CRY--THE CRY OF A BULL APE THAT HAS WON VICTORY!

PATIENTLY NOW, TARZAN EXPLAINED THE COMPLETE STORY... 'VERY INTERESTING,' MUSED THE HUNTER, 'AND THAT MEANS THEIR DIAMONDS MUST STILL BE WITH MY EQUIPMENT.

A THOROUGH SEARCH WAS MADE, AND FINALLY TARZAN EXTRACTED THE BAG OF GEMS FROM THE MOUTH OF AN ANIMAL TROPHY!

THE APE-MAN ENTRUSTED THE HUNTER TO RETURN THE DIAMONDS TO TIMBERLY AND THEN DEPARTED--

FOR HE SUDDENLY REMEMBERED THAT HE MUST REPORT THE GOOD NEWS TO YALONGA!

NOTHING IN THE RULE BOOKS STATES THAT YOU BOYS HAVE TO DRESS IN THOSE HORRIBLE UNIFORMS. I THINK A DASH OF COLOR WOULD DO SO MUCH FOR YOUR MORALE. DON'T YOU, BAZOOKA, DAHLING?

IT AIN'T SO MUCH MY MORALE THAT'S GOT ME THINKIN', MA'M--IT'S THE OTHER TEAMS AH'M CURIOUS ABOUT!

THEY'RE PITCHING BAZOOKA TODAY--SO DON'T ANYBODY STRAIN HIMSELF TRYING TO MAKE A HIT. HE AIN'T LOST A GAME YET!

AS THE FIRST CUB BATTER STEPS TO THE PLATE TO FACE THE UNBEATABLE BAZOOKA BROWN... HE STARES... BLANCHES AND THEN...

...COLLAPSES--BUT NOT FROM FRIGHT!!

I (CHOKE) CAN'T STAND IT!!

AN' (GROAN) NEITHER CAN I! I RESIGNS FROM PITCHIN' AS OF RIGHT HERE AN' NOW!!

CLUB HOUSE

A FEW WEEKS LATER

WHATEVER BECAME OF THAT UNIFORM LOLA LOADED HAD MADE UP SPECIAL FOR YOU, BAZOOKA? YOU BURY IT?

NOPE... FINALLY FOUND A USE FOR IT!

WOW--THAT WAS A SPOOKY MOVIE

THAT CREEPY MOVIE I SAW SURE MADE ME JUMPY

IT'S AWFULLY LATE AND THERE'S NOT ANYBODY ON THE STREETS BUT ME

I'M SCARED TO WALK ALL THE WAY HOME ALONE

PHIL LIVES AROUND THE CORNER--I'LL ASK HIM TO COME ALONG TO PROTECT ME

MEANWHILE

THERE'S A BIG COBWEB ON MY CEILING--I'LL GET IT OFF WITH THIS GOLF CLUB

I SEE PHIL THROUGH THE WINDOW--I'LL GO OVER AND CALL HIM

!

I CAN GET ALONG WITHOUT **YOU**--YOU **COWARD!**

NORTH AMERICAN FINCHES SAVE MORE THAN *100 MILLION DOLLARS* FOR THE FARMER EACH YEAR...

THEY ARE GREAT SEED EATERS--MOSTLY NOXIOUS WEEDS AND GRASSES...

QUESTION: A STEEL BARREL WEIGHS 487½ POUNDS-- WHAT CAN YOU FILL IT HALF FULL OF, TO MAKE IT WEIGH HALF AS MUCH?

ANSWER: HOLES...

TRIPLET GRIZZLY BEAR CUBS -- WERE REPORTED BY LEWIS AND CLARK FOREST RANGERS, *Montana, 1939...*

SAGEBRUSH-- OFTEN CONSIDERED AN EVIL WEED BY MANY, IS A GOOD INDICATOR THAT THE SOIL ON WHICH IT GROWS IS FERTILE AND GOOD FOR AGRICULTURE WHEN WATER IS APPLIED ...

CURLY KAYOE

by SAM LEFF-

WHO'S ON NEXT, BUTTONS?

HMM- LET ME SEE, BUDDY-PAL...

STILETTO, THE KNIFE-THROWER GOES ON IN A MINUTE, CURLY!

MY PARTNER ISN'T HERE, MR. BINGLING- I CAN'T PERFORM ALONE!

TOO BAD,- THE CUSTOMERS ENJOY YOUR ACT, STILETTO!

I SHALL STAND IN FOR YOUR PARTNER, MR. STILETTO, SIR!

NOTHING DOING, BUTTONS! YOU'VE GOT ENOUGH TO DO!

BUT STILETTO MUST HAVE A LIVING TARGET.

HOW ABOUT LOOPY GALOON! I'M SURE HE'D LIKE TO HELP!

STILETTO NEEDS SOMEONE TO STAND IN FRONT OF THIS BOARD WHILST HE HURLS HIS KNIVES. WILL YOU DO IT?

ULP! HE USES R-REAL DAGGERS!

STILETTO ARE THE WORLD'S TOPPEST KNIFE-THROWER, LOOPY... THERE ARE NOTHING TO FEAR!

WAL... I'LL DO IT TO HELP THE SHOW! 'SCUSE ME!-

DIN

PROPERTY WAGON

MAKE HASTE, LOOPY- STILETTO ARE WAITING!

I'LL BE READY IN A MINUTE, BUTTONS!

HA HA HA

?

WHAT'RE YA WAITIN' FER, STILETTO? THROW 'EM!

HO! HA HA

GADZOOKUS! LOOPY ARE NOT SO LOONY!

IF STILETTO IS WISE HE'LL KEEP IT IN-HIS ACT- THE FOLKS LOVE IT!

HO! HA
